

ONLINE FDP IN PEDAGOGY AND RESEARCH METHODS

A Programme for Management Teachers

June 22 to July 28, 2020

Indian Institute of Management Ahmedabad (IIMA) is happy to announce its first Online Faculty Development Programme in Pedagogy and Research Methods. We invite applications from motivated faculty members and educators in management and allied areas.

IIMA has been conducting an on-campus residential Faculty Development Programme (FDP) since 1979. Over the years, the FDP has developed a strong reputation for excellence in the professional development of management educators. This year, the developments around COVID19 have presented both challenges as well as opportunities to reinvent ourselves. The challenge was that we had to cancel the regular on-campus FDP this year. However, we also got the opportunity to design a new online programme that can provide significant value and benefit for the professional development of management educators.

OBJECTIVES

The focus of the online FDP in Pedagogy and Research Methods will be on upgrading the teaching and research skills of management teachers.

CONTENT

The curriculum will be a careful blend of sessions that cover a range of topics including Case Method of Teaching, Classroom Effectiveness, Quantitative and Qualitative Research Methods, Essentials of Crafting & Publishing Research, Statistical Methods and Modelling Techniques.

PROGRAMME DELIVERY MODE

The online FDP will be in Device-to-Device (D2D) mode on the Zoom platform with adequate security features. The participants will attend the sessions by logging in from their computer.

DAYS and TIMINGS OF SESSIONS

The programme will be conducted between **June 22 and July 28, 2020**. There will be two sessions per day from **6.00 pm to 7.15 pm** and **7.30 pm to 8.45 pm**, on any 5 days of the week excluding Sunday.

FOR WHOM

It is designed for highly motivated management teachers and researchers working in management schools, universities, colleges and professional institutes, or other government and private professional training institutes. Experience in teaching management or allied subjects is desirable, although we will consider candidates with a fresh PhD (or close to completing PhD) aspiring for a career in academics.

CERTIFICATION

On completion, the participants will be awarded a **Certificate of Participation in the Online Faculty Development Programme in Pedagogy and Research Methods**.

HOW IS THE ONLINE FDP DIFFERENT FROM THE REGULAR ON-CAMPUS FDP?

There are activities that happen in the regular on-campus FDP that require physical presence. The online FDP is **not equivalent** to the regular on-campus FDP. Nevertheless, the online FDP is designed to provide a rich and meaningful learning experience to participants. By doing the online FDP, participants will be better equipped to attend the regular on-campus FDP in the future. Also, the online FDP is an opportunity to evaluate if one would want to attend the regular on-campus FDP in the future. Also, note that unlike the regular on-campus FDP, **the online offering will not provide alumni status**.

SELECTION and ADMISSION PROCESS

1. Candidate should submit an online application at <https://www.iima.ac.in/web/fdp/apply/apply-online>
2. IIMA will review the application within 3 working-days of submission and communicate the selection decision to the candidate. A telephonic interview may be conducted where required.
3. Selected candidate should pay the admission fee within 2 days of receiving the admission offer to confirm the admission.
4. Admissions will continue on a first-come-first-serve basis (based on the above steps) **until 10-June-2020 or until the maximum intake (as determined by IIMA) is met**, whichever happens earlier.

CONSIDERATIONS FOR SELECTION

Candidates must be highly motivated towards a career in management teaching and research. At least two years of experience in teaching and research in management or allied areas is desirable. We will also encourage highly motivated candidates who have recently completed, or in their final stages of PhD. Preference will be given to participants less than 45 years of age. Since the FDP is offered in the English language, participants are expected to be fluent in English.

ADMISSION FEES FOR THE SELECTED CANDIDATES

FEES: INR 30,680/-
(INR 26,000/- + 18% GST)

The fee includes tuition fees, cost of online course materials, and GST. The fee is non-refundable.
